4 Additional Features

☐ **High Concurrency** **#1 MOST POPULAR**   **$17.72/MO**
     Concurrency is limited to 500 by default. Selecting this option lets you have 3,000+
     concurrency. Learn More

☐ **High Priority Network** **RECOMMENDED**   **$11.81/MO**
     This is recommended for latency sensitive applications. Your requests will be prioritized over
     other network requests. Learn More

☐ **Unlimited IP Authorizations**   **$5.00/MO**
     1 IP authorization is included free of charge. Selecting this option lets you authorize unlimited
     IP addresses. Learn More
